### Family Gathering | January 10

The EIPS First Nations, Métis and Inuit Education team is thrilled to invite you all to our Indigenous Education family gathering on **Wednesday**, **January 10 from 5:30 p.m. to 8 p.m.** It will be a **Métis Kitchen Party**! Glen Allan Elementary, located at 106 Georgian Way in Sherwood Park, has generously offered their gym space for our gathering. Please join us for a meal to begin the evening and then spend time together listening to Métis fiddle champions Alex Kusturok and Brianna Lizotte as well as learning some basic Métis dance steps. It will be a wonderful family dance party to lighten up the long winter evenings! To help with our planning and guarantee there'll be enough food for everyone in attendance, a RSVP form will be sent to families in the near future.

You may have seen our two special guests on the news when they were part of the Indigenous delegation to travel to Rome to meet with the Pope. Alex and Brianne brought the beauty, strength and resilience of their Métis culture by playing their fiddles in the Vatican. Watch the video

You can learn more about <u>Alex Kusturok</u> and <u>Brianna Lizotte</u> from their webpages.

## SouthPointe School Community

SouthPointe School had a great celebration of Métis culture during Métis Week. Students in Grades 3 and 4 learned how to do the traditional Broom dance and discussed traditional foods looking at samples of plants and how water is foundational for the Food Tipi. They discussed how living from the land required innovation and planning for First Nations, Métis and Inuit cultures.

During this week we had school wide events like Rock Your Mocs, Socks and Crocs to include all students and link to our Bully Awareness celebrating the uniqueness of all students.

It was amazing to showcase my own beading and family heritage with a display in the library and resources from Rupertsland Institute to guide students to build their foundational knowledge.

Students have started an Art Collective club that will be sharing different First Nations, Métis and Inuit art and creating art to express our own unique ideas. Mrs. Booker, Ms. Gauchier and Ms. Germaine will be sharing art and helping build this community. We meet every Tuesday and Thursday PM recess and will be inviting the students to smudge once a month. There will be an announcement to invite First Nations, Métis and Inuit student to join even if not in the art club.

<u>Cree Literacy Network</u> has a <u>printable 2024 calendar</u> around the Cree th- and y-dialects. The website is also full of excellent information and resources on Cree language and culture.

<u>When the Trees Crackle with the Cold</u> by Bernice Johnson-Laxdal and Miriam Korner is an excellent book and activity pack that can be used by families to learn more about the 13 Moons.

The names of the 13 Moons can vary, depending on one's teachings, dialect, place and culture. For example, Métis scholar <u>Elmer Ghostkeeper outlines the 13 Moons</u> from his teachings. You can read more in his book, *Spirit Gifting: The Concept of Spiritual Exchange*.
